### Checking whether a recording is possible

There will have to be an individual examination based on the last certificate, whether admission to the school is possible.

It may be necessary to submit a German translation of the certificate.

The supervisory authority in Trier is responsible for the recognition of foreign school certificates. All further information about this topic can be found using the QR code:

### Documents required for registration

- registration form
- the last two school certificates
- birth certificate
- Evidence of measles vaccination

### Promotion from 11<sup>th</sup> to 12<sup>th</sup> class

In the 11<sup>th</sup> class you will get marks in every subject for each half year 11/1 and 11/2 and a mark for the whole year (“Jahresnote”)

$$\text{Jahresnote} = \frac{(\text{mark } 11/1) + (2 \times \text{mark } 11/2)}{3}$$

The promotion from 11<sup>th</sup> to 12<sup>th</sup> class depends on the Jahresnote.

No promotion in case of

- at least one subject with Jahresnote = 6
- three or more subjects with Jahresnote = 5
- two major subjects with Jahresnote = 5
- at least one subject with mark = 6 in term 11/2

A promotion is possible, if you are able to equalize

- Jahresnote = 5 in one major subject
- Jahresnoten = 5 in one major and one minor subject
- Jahresnoten = 5 in two minor subjects

You need to have Jahresnote = 2 or 1 in one subject or two subjects with Jahresnote = 3 to equalize Jahresnote = 5 in one subject.

Jahresnote = 5 in a major subject must be equalized only with Jahresnoten from other major subjects.

### Qualification for the school-leaving qualification

(“Abitur”; with the Abitur you may enroll at every German university)

One part of the qualification consists of the summation of the MSS-Points you receive in your 10 subjects specified in the four reports from the terms 11/2 to 13. Ask the responsible member of administration for further information.

The other part of the qualification depends on the results of three written final examinations and one or two oral final examinations in one or two minor subjects.

### **Very good knowledge of German is required:**

The teaching language is German. You are expected to be able to read, understand and analyze novels, poems or academic texts!

Your knowledge of the German language should be at least at level B2 according to the Common European Framework of Reference for Languages (CEFR).

Starting with term 11/2 you will be treated as every other German student, e.g. you are not allowed to use a dictionary of your native language or a translation-app in an examination.

The participation in lessons is very important and has a huge effect on the marks!

History will focus on German History. Students are expected to know important historical events like the “Hambacher Fest”.

Social Science will take a look at the German society, e.g. the duties of the president and the duties of the federal chancellor.
